

SES Deadline Extended!

Free Tutoring for Students Receiving Free & Reduced Price Meals

The Columbia Public School District is dedicated to helping your child succeed both in school and in life. Your child may qualify for tutoring in reading or math, at no cost to you, from an outside organization/provider. This tutoring is called Supplemental Educational Services, or SES.

Parents of eligible children recently received materials about SES in the US mail. A list of companies that provide free tutoring and an enrollment form were included.

Monday, January 31, is the new deadline for returning the enrollment form to your child's elementary school. The deadline is extended because of the recent snow days.

New Deadline: Monday, January 31

Please contact your school's principal if you have questions.
