

SAFETY PROGRAM

Every attempt will be made to meet safety and health standards established by state and federal laws and regulations. The cooperation of school, home and community in providing a safe and healthful environment is encouraged by the Board.

The district will fully utilize federal, state and local violence prevention programs and resources available to students, teachers or staff that the district determines are necessary and cost effective for the school district. By July 1, 2001, the superintendent will designate a school safety coordinator who will have a thorough knowledge of such programs.
